Children's suits in great variety and new designs, for $1.50, $1.75, $2, $2.50 and $3, at Friends' Enterprise, 26 Calhoun street.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE PLOT TO BUY INDIANA

Dudley's Scheme of Wholesale Bribery Revealed in a Circular Letter Over His Own Signature.

INDIANAPOLIS, Oct. 31.—We present herewith conclusive evidence of the republican scheme to carry Indiana by buying the purchasable vote, in the form of a circular type-writer letter, bearing the signature of William W. Dudley, treasurer of the national republican executive committee, which has been sent to the chairman of a republican county central committee in Indiana, and doubtless to the other county chairmen and to the trusted agents of the republican managers throughout the state. The letter, of which the original copy is in possession of the editor of the Indianapolis *Sentinel*, can be seen by anyone.

The letter is written upon a letterhead of the republican national committee, of which Mr. Dudley is treasurer.

HEADQUARTERS REPUBLICAN NATIONAL COMMITTEE, 91 FIFTH AVENUE, NEW YORK, Oct. 31, 1888.

DEAR SIR:—I hope you have kept copies of the lists sent me. Such information is very valuable and should be used to great advantage. It has enabled me to demonstrate to friends that with proper assistance Indiana is surely republican for governor and president, and has resulted as I hoped it would, in securing for Indiana the aid necessary. Your committee will certainly receive from Chairman Huston the assistance necessary to hold our floaters and doubtful voters, and gain enough of the other kind to give Harrison and Morton 10,000 plurality. New York is now safe beyond preadventure for the republican presidential ticket; Connecticut likewise. In short, every northern state except, perhaps New Jersey, though we still hope to carry that state.

Harrison's majority in the electoral college will not be less than 100. Make our friends in each precinct wake up to the fact that only boodle and fraudulent votes and false counting of returns can beat us in the state. Write each of our precinct correspondents, 1st. To find out who has democratic boodle, and steer the democratic workers to them, and make them pay big prices for their own men. 2nd. Scan the election officers closely, and make sure to have no man on the board whose integrity is even questionable, and insist on republicans watching every movement of the election officers. 3rd. See that our workers know every voter entitled to a vote, and let no one else even offer to vote. 4th. Divide the floaters into blocks of fives, and put a trusted man with necessary funds in charge of these five, and make him responsible that none get away and that all vote our ticket. 5th. Make a personal appeal to your best business men to pledge themselves to devote the entire day, Nov. 6th, to work at the polls, i. e. to be present at the polls with tickets. They will be astonished to see how utterly dumbfounded the ordinary democratic election bummer will be and how quickly he will disappear. The result will fully justify the sacrifice of time and comfort, and will be a source of satisfaction afterwards to those who help in this way. Lay great stress on this last matter. It will pay.

There will be no doubt of your receiving the necessary assistance through the national, state and county committees—only see that it is husbanded and made to produce results. I rely on you to advise your precinct correspondents and urge them to unremitting and constant efforts from now till the polls close, and the result is announced officially. We will fight for a fair election here if necessary. The rebel crew can't steal this election from us as they did in 1884, without someone getting hurt. Let every republican do his whole duty and the country will pass into republican hands, never to leave it, I trust. Thanking you again for your efforts to assist me in my work, I remain

Yours Sincerely,
W. W. DUDLEY.

Please wire me result in principal precincts and county.

HAD TO BORROW.

Judge Hilton Lent Mrs. Stewart Money to Bury Her Husband.

LORD SACKVILLE.

The British Minister Informed That His Presence is No Longer Desired.

WASHINGTON, Oct. 31.—By direction of the president the secretary of state yesterday informed Lord Sackville that for causes heretofore made known to her majesty's government, his continuance in his present official position in the United States is no longer acceptable to this government, and would consequently be detrimental to the relations between the two countries. The grounds of this action on the part of the United States are stated in a report of the secretary of state to the president, dated the 29th inst., in which he reviews the conduct of Lord Sackville, gives a full history of the case and asks for the British minister's recall.

TORONTO, Ont., Oct. 31.—The *Globe*, in an article headed "Breakers Close Ahead," says: "Though Lord Sackville is the victim of a despicable trick, he is also the victim of his own folly. He stuck his nose in American home affairs by counselling an elector about how he should vote and influence others to vote. The United States secretary of state argues with great force that the British embassador thus transgressed the amenities and the necessary rules of diplomacy to such a degree as to warrant the demanding of his recall."

MET AT LAST.

Two Saloon Keepers, at Indianapolis Settle a Long Standing Grudge With Pistols.

INDIANAPOLIS, Ind., Oct. 31.—There has been a deadly feud for several years between John H. McFee and Thomas H. Slavin, originating in Knightstown, this state, over business matters, and the trouble culminated last night in a shooting affray, in which Slavin was shot under the right shoulder and McFee through the bowels and right ear, all three shots taking effect from the rear, showing that both were moving when wounded.

Eight shots were fired altogether in the saloon and on the sidewalk, and a number of persons were imperilled by flying bullets.

McFee was fatally hurt and Slavin dangerously, and both men were transferred to the hospital.

DIED ON HER WEDDING DAY.

OWINGSVILLE, Ky., Oct. 31.—Miss Jane Hull died of fever Monday, the day set for her wedding, and was buried in her wedding robes, including the engagement ring on her finger, at her own request.

The Brewery Syndicate.

MILWAUKEE, Oct. 31.—When questioned about the purchase of American breweries by an English syndicate, Charles Best, secretary of the Best Brewing company, said he understood from a gentleman from New York that the sale of the two New York breweries had been made some days ago. There has been no negotiations for the Best brewery.

It Beats Dynamite.

NEW BRITAIN, Conn., Oct. 31.—Rudolph Ericson, a Swede, has a formula for making "extralite," a discovery by his uncle in Sweden. The new explosive is twice as powerful as dynamite, but is free from danger in handling, as it will not explode in the open air and cannot be exploded by burning in the air. Its manufacture will be begun here.

Will Go to Hayti.

WASHINGTON, Oct. 31.—The acting secretary of the navy has detached Commander Allan D. Brown from duty at the naval academy and ordered him to command United States steamer Kearsage, now being repaired at Norfolk. She will be put in condition as soon as possible, and sent to protect the American interests in Hayti.

TIFFIN, O., Oct. 32.—Mrs. Frank Coser, a prominent lady of this city, was killed by being thrown from a buggy and kicked by a runaway horse yesterday.

Thanksgiving Day.

WASHINGTON, D. C., Oct. 31.—The president will issue his proclamation this afternoon, designating Thursday, November 29th next, as the day of thanks-giving and prayer throughout the United States.

SHOT IN A CROWD.

The Fatal Bullet Sent Through a Ladies' Head While Watching a Parade.

TERRE HAUTE, Ind., Oct. 31.—In the midst of the republican parade last night, Dolly Phillips, aged twenty, was the victim of an assassin's bullet. She was standing on the corner watching the parade when a man approached, pointed a revolver at her and pulled the trigger. She fell to the sidewalk with a bullet through her head, and died in a few minutes, The murderer escaped, but was identified as a man named Galloway. The cause of the shooting is unknown.

DOING GOOD WORK.

Judge Thurman Spoke at Newark, O., This Afternoon.

WHEELING, W. Va., Oct. 31.—Judge Thurman and party, consisting of his son and the press representatives, left here at 10:25 this morning, over the Baltimore and Ohio road, for Newark, Ohio, where the judge will speak this afternoon. He will then go home to Columbus, reaching there about 7:30 o'clock. After the Newark speech he will speak only once more this campaign and then he will address himself to the miners at Nelsonville, Ohio.

DUFFY WINS.

He Knocks Out McMillen in a Seventeen Round Prize Fight.

WASHINGTON, Oct. 31.—The prize fight between Patrick Duffy, of Boston, and Wm. McMillen, of this city, took place at 1 o'clock this morning, on the Virginia shore, about fifteen miles from this city and was won by Duffy in the seventeenth round.

Yellow Fever.

WASHINGTON, Oct. 31.—Surgeon General Hamilton has received a telegram from Surgeon Martin, at Live Oak, Fla., saying he made a post mortem examination on the body of the man who died there Sunday last, and is satisfied that it was a case of yellow fever. He adds there are two suspected cases of sickness in town.

BADEAU'S SUIT.

He Withdraws His Claims to Authorship on Grant's Book and Gets His $10,000.

NEW YORK, Oct. 31.—General Badeau's suit to recover $10,000 and interest, for services rendered to General Grant while the latter was engaged in preparing his "Personal Memoirs," was yesterday settled. Mrs. Grant never disputed the fact of her husband's having made the contract with General Badeau, nor that the latter rendered certain services therefor.

Recently General Badeau withdrew from his suit the offensive allegation of joint authorship, and expressed his willingness to waive any intention, desire, or right to claim the authorship of the "Memoirs," and to admit that its composition was entirely that of General Grant's, and to limit his claim to that of suggestion, revision and verification. Under these circumstances Mrs. Grant paid the claim.

CITIZENS who have taken out first papers are legal voters.

THE next Britisher who writes about American politics will not write.

CHAIRMAN BRICE says that New York state is good for 20,000 majority for Cleveland.

THE democratic rooster is out of the woods and awaits an excuse to liberate its enthusiasm.

THE democrats will endeavor to insure every republican repeater a term in the penitentiary.

BEN BUTLER is out for Harrison. Butler, Blaine, buncombe, boodle, and bribery. Significant, is it not?

LOLD SACKVILLE rides out of office on the tip of Mr. Cleveland's boot. Now let us have a tilt with Mr. Murchison.

THE same laws for the workingman and the millionaire. Equal rights for employer and employe. This is the democratic doctrine.

EVERY man who votes the republican ticket, votes to perpetuate a system of unnecessary taxation that robs him of the fruits of his labor.

WHY does Germany with its high protection pay its laborers seventy-seven per cent. less wages than the laborers of "free trade" England? Because protection is a farce and a sham.

THE sugar trust has advanced the price of sugar about two cents within a year. This means a gain of $60,000,000 to the trust and yet Congressman White contends that the tax on sugar is not high enough.

SOMEBODY is sending out democratic tickets with Captain White's name on for congress. Democrats, vote your ticket straight. What is the use of electing a democratic president and tieing his hands with a republican congress.

THE people of the United States have come to understand that President Cleveland is thoroughly American, and the friendship or enmity of a foreign nation would have no more to do with shaping his policy than a midsummer breeze.

THE laborer must always buy in a protected market, at prices dictated by trusts and monopolists, under cover of the war tariff tax. The only thing the toiler can sell is his labor and he must compete with the world. This is the problem of the day.

IT is hardly probable that the million voters of the country—laborers, farmers, mechanics, merchants and professional men—will vote to tax themselves for the fun of being taxed, or just to see the government pile up a surplus that it cannot use. The republicans advocate this sort of thing.

WITH breadstuffs selling at increased prices, and coal going up at the dictates of the barons, it is just a trifle aggrevatting to see paid republican orators making impassioned appeals for cheaper whisky and tobacco and a continuation of the war tariff tax that doubles the price of woolen goods and clothes for the humble people.

DON'T let politics run away with your good sense. The country will flourish and prosper if either one of the many presidential candidates are elected. Our good friend Grover has been well tried and in the language of a prominent Fort Wayne republican "if Grover Cleveland was to die to-night, there would not be a republican but who would praise him and his administration." He has proved himself honorable, true and manly on every occasion.

LET US REASON TOGETHER, MR. VOTER.

THE SENTINEL has an abiding faith in the wisdom and integrity of the American people, and the lessons of the past prove this confidence to be admirably well bestowed.

The exalted blessing of a people entirely and wholly governing themselves must be experienced to be appreciated, and once enjoyed is never relinquished. Under this form of democracy the government thrives best and the political party that approaches closest to this idea of perfection is certain to reap rich reward at the hands of the sovereign Americans.

Self-government is a priceless prerogative when properly exercised, and as great bodies move slowly, the will of the people is always asserted with becoming grace, for in this way do they contribute solidity and stability to the national welfare.

Four years ago a majority of the American people intrusted the government of the nation to the democratic party, through its recognized leader, President Cleveland. It was no easy task to take the reins of government and guide the ship of state safely out of the political storm with a mutinous, aggravating republican crew, but Mr. Cleveland proved himself equal to the task without disturbing or jarring the interests of a great country to any perceptible degree.

Was there ever a sublimer picture of the triumph of democracy?

Every party declaration has been fulfilled and every promise redeemed as far as lies within the power of the democratic party—but unfortunately for the people the republican senate has obstructed legislation tending to reduce taxation to a point consumate with the requirements of the country, its industries and its people—the prevailing democratic idea being injury to none, but justice to all.

The democratic party again solicits the suffrage of the American people for Hon. Grover Cleveland, believing sincerely that the unexampled prosperity that has attended his administration will increase with time and the acquisition of a friendly congress, until it shall have reached the loftiest heighth in the history of the country, all the while lessening burdens and increasing blessings on the people who decree it.

It is reasonable to believe that the voters will be slow to censure an administration that is beyond honest criticism, or change for an uncertainty a wise, patriotic ruler, whose single aim is to promote the public welfare and exalt the national honor.

For these reasons THE SENTINEL hopes that every citizen of Allen county will weigh his vote well next Tuesday, and ask himself at his own fireside if it is not best to deposit a ballot for the democratic electors, and through them decree the choice of Grover Cleveland and Allen G. Thurman.

It is a solemn duty that presents itself every four years and deserves the weighiest consideration, for a ballot badly cast is an opportunity forever lost.

THE STATE TICKET.

The democracy of Indiana present for the suffrage of the people a ticket admirable in all its parts—strong as a whole and at every point. All the men are experienced in public life, have all the qualifications and brilliant attainments that fit them to preside over the great commonwealth of Indiana. Col. C. C. Matson, the candidate for governor, is eminently qualified for the exalted position, and just the man to honor any place of trust and responsibility. So on might we recite the list with like encomiums, until local pride is touched, for Allen county has the proved distinction of having two candidates on the state ticket—Hon. C. A. Munson and Hon. Allen Zollars, and both of them hold warm places in the hearts of the people of Allen county.

Besides, this is an honor rarely, if ever, bestowed on a county, and one that the citizens of Allen county should appreciate in a royal way.

The control of the state and its institutions is an important feature and one far reaching in its effects, so that the necessity of attending to the state candidates and voting them a majority that will do Allen county proud presents itself forcibly to every mind, and should receive guarded care at the hands of the voters, for their interests are always best subserved under democratic rule.

THE CONGRESSIONAL CANDIDATE.

Judge C. A. O. McClellan, the candidate for congress, is one of the foremost citizens of the district and a democrat whose party record entitles him to the full party vote. His whole life defies the aspersions of his political enemies and the achievements of the coming congressman are entirely his own, for from an humble place in life he has won more than ordinary distinction, and through his energy and good judgment he occupies a high place in the hearts of his countrymen. Judge McClellan represents the administration in this canvass. He is in thorough sympathy with President Cleveland and the policy of the party, and in this light he should, and no doubt will, receive the vote of every democrat in the district. He is eminently qualified to represent the Twelfth district and in point of ability, fitness and natural attainments towers above all comparisons. A vote for him is a vote for a democratic congress to support President Cleveland.

THE COUNTY TICKET.

The county ticket, like the national and state, commands universal admiration and is closest to our hearts, because its relations are nearest our hearths and taking the ticket from top to bottom it gives most excellent satisfaction, for its make-up inspires confidence and is in itself a guarantee that the affairs of the county will pass into capable hands.

The legislative ticket is entirely local and exceptionally strong. Whatever interests Allen county may have in future legislation, she is certainly in a position to command more solidity and strength than at any other period since the extension of our legislative precincts into Whitley and Huntington counties, for this is the home of all the candidates and here is centered their affection.

Hon. Fred J. Hayden, the candidate for joint senator from Allen and Whitley counties, is one of the foremost citizens of Fort Wayne, and a gentleman of more than ordinary intelligence and experience. He has extensive individual interests and large property holdings. He can be relied on to ably represent his constituents in the highest branch of the legislature and has the experience of his service in the house to familiarize him with parliamentar methods.

Mr. W. S. Oppenheim, the candidate for joint representative from Allen and Huntington counties, is one of the brilliant young lawyers at the local bar and enjoys a reputation in his profession as one of the most promising practitioners in the state. He will carry to the legislature a familiarity with the laws of the state and a profound ability that cannot fail to assert itself and win fair laurels for the young gentleman.

Hon. W. H. Shambaugh and Mr. Frank Gladio are the candidates for the lower house from this county. Mr. Shambaugh has served in the legislature with honor to himself and his constit- opportunity to win fresh laurels for his friends justly hope for great things from him. Mr. Gladio, his colleague, is the ex-county commissioner, a respected resident of Jefferson township and a practical farmer, giving the agricultural community a direct representation in the state councils and a man in whom the people of the county have the utmost confidence.

Hon. Edward O'Rourke, the candidate for judge of the circuit court, scarcely needs an introduction to the people of Allen county. His long service on the bench, acknowledged integrity, impartial bearing and honesty of purpose makes the tribunal over which he presides the choice of all litigants and he reigns there the embodiment of an honest judiciary.

Mr. J. M. Robinson, the candidate for prosecuting attorney, is a self-made man and all his achievements are won on his own merits. He has displayed during his term of office, a signal ability, and has adapted himself to the requirements of his position in a manner that does him great honor, and certainly his official record does him infinite credit.

Mr. George H. Viberg, the candidate for sheriff, has distinguished himself in the office he now holds, and has displayed such splendid judgment, untiring energy and marvelous perception as to win widespread favor and lasting friendships. His administration of the affairs of the office have been in keeping with its responsibility, and he is happily surrounded by an excellent corps of deputies, who tend to make his official career exceedingly acceptable and always agreeable. Mr. Viberg is a model officer.

Mr. Isaac Mowrer, the candidate for county treasurer, is a man of great personal prestige, and as custodian of the county funds has earned the plaudits of the whole people. His official career has been one of the happiest and the trust confided in him finds constant appreciation in his conduct, for he meets the responsibilities of his place with great capability.

Mr. Henry Fischer, the candidate for surveyor, is a practical engineer, a good scholar and a pleasant gentleman. He cannot fail to give satisfaction in the office and that is a great task in itself. Mr. Fischer belongs to the newspaper fraternity and that, of course, is a great point in his favor.

Dr. A. J. Kessler, the candidate for coroner, is a physician of great ability, and will handle the delicate affairs of his office in a way to please the public and in a manner to indicate his good sense and excellent judgment.

The office of county commissioner is an exceedingly important one, for its bearings are widespread and the body is really in the nature of a court. They are the censors of the county and hold the key to the county situation, for they supervise its affairs. Mr. John Brannan, the present incumbent, was foremost in placing the county on a cash basis and should be credited with establishing the changes that lead to an economical administration of county business. His official career is as clear as sunlight and his every act is as open as his nature. Mr. Jasper W. Jones, of Jackson township, and Mr. Henry F. Bullermann, of St. Joe township, the other candidates, will bring to the office of commissioner a practical business experience and both gentlemen have served as trustees of their townships in a manner to recommend them to the suffrage of the people. They are all honorable gentlemen, free from entanglements and alliances that would tend to shape their policy and this is indeed a compliment.

VOTE against unnecessary taxes. That is all the democrats ask.

THE tariff tax is a burden on some one surely and the monopolist is not seemingly oppressed by it.

WHY does China with the highest protection of any country on the globe pay its laborers five cents per day? Because so-called protection does not fix wages.

THE Hon. Hugh McCulloch says: "I have watched Mr. Cleveland's administration very carefully and I consider it to have been marked with signal ability and uprightness."

THE workingmen of Fort Wayne scarcely want to see Levi P. Morton, the arch monopolist, enjoying a vote in the United States senate and the vice president may have the deciding vote.

THE republicans will not reform the tariff, and all talk about it is a masquerade. The war tariff means money to them; it means the friendship of monopolies, trusts and combines that flourish under a form of legalized robbery, and sail on pleasant seas with the money wrung from the labor of the land. The republicans can not reform the tariff tax laws for its iniquities are interwoven into the party organization.

FREE WHISKY AND INSANITY.

The republican party should take warning from the following statement from the *Medical Record*, and never again advocate free whisky: "In Norway, after the removal of the tax on whisky, insanity increased 50 per cent. and idiocy 150 per cent, while pauperism, crime and taxation increased 350 per cent." When it is considered, that these statistics are furnished by, and sworn to, by the boards of health and attested by the government of Norway, they can be relied on as being correct and authentic.

IN THE forty-eighth congress the democracy compelled the forfeiture o. 810,000 acres granted to the Oregon Central railroad; 300,000 acres granted to the Iron Mountain railroad of Missouri, and 13,500,000 acres granted to the Texas Pacific. This grand total of 19,610,880 acres was increased by an addition in the forty ninth congress of 30,871,300 acres, forfeited from the grants of the following roads: Atlantic and Pacific, 23,871,360; Tuscaloosa and Mobile, Mobile and New Orleans, Memphis and Charleston, Elyton and Beard's Bluff, Savannah and Albany, New Orleans and State Line, and Iron Mountain, of Arkansas, 7,000,000. This is a pretty good record of completed work for one congress and one session of another. In addition the democratic house has passed bills forfeiting 1,523,200 acres and there are bills on the calendar forfeiting 12,067,214 acres more.

DOWN with monopolies.

THE monopolists are on the run?

GIVE us four years more of honest government.

THE betting all over the country is in favor of Cleveland.

ONLY seven days until the re-election of Grover Cleveland.

"UNNECESSARY taxation is unjust tax ation."—*Grover Cleveland.*

THE bloody shirt will receive a few more shakes this week, and then will be put away forever.

NEW YORK, New Jersey, Connecticut, Indiana and California are safe. Michigan, Wisconsin, Illinois, Iowa and Minnesota are the doubtful states.

THE "free trade scare" has failed to scare, and the John Bull trick has fooled nobody. Now what will the republicans try next?

IF the tariff is not a tax, why does the law require the treasurer to pay back to the Standard Oil company the duties it pays on the tin it uses for its export trade, and to pay back to the rich Chicago and Cincinnati beef and pork packers the duties they pay on the salt they use in their export trade? Such is the republican law, a deduction of only ten per cent. being made. But when it comes to the farmer and the man who works for wages, the republican tariff law does not pay him back the taxes he pays on salt and tin.

WITHOUT regard to party every one concedes that President Cleveland's message challenges the admiration of the world. Here is Congressman White's opinion: "A miserable rehash of an old subject, but I am glad to see the president show his hand for free trade. If he had only kept within the bounds of truth in compiling his figures in favor of free trade, he would have made a better argument. We have exploded it all, long ago. It is a mistake to say that the way to get rid of the surplus is by reducing the tariff." This is given to cheer the solitary democrat who proposes voting for Captain White.

PEOPLE ARE TAXED INTO POVERTY.

The tariff is an indirect tax on the people for the support of the general government.

They never see or hear of the taxgatherer; but they pay the tax all the same in the amount that is put on or charged extra on nearly everything they eat, drink and wear. The wage earners and laboring classes should be in favor of and vote for Cleveland and Thurman and tariff reduction, because it is for their interests and for their benefit; it will relieve them of a heavy burden. With the high tariff, a large portion of their hard earnings is taken from them to build up and support monopolies, corporations and the general government in the following manner: From the largest to the smallest thing they buy, from the house that shelters the laboring man down to the smallest needle that his wife makes the baby's dress with, he pays this tax. For every dollar that goes to the government about $5.00 goes to the manufacturer as premium or tariff, and to add insult to injury, the republicans would extort more money from the people than the needs of the country require.

Rents are 25 per cent. higher in consequence of the tariff. Nearly every article that enters into the building of the house is more expensive; consequently, the landlord must have more rent to get interest on his investment.

Direct taxes are levied upon the wealth of the rich. Tariff taxes are drawn from the necessities of the poor. The poor man, if he has not any property, does not pay anything for the support of the town, county, city or state government; but the national government gets its surplus of hundreds of millions of dollars by taxes levied on his poverty—on what he eats, and what he drinks, and what he wears.

High tariff does not produce high wages. When coal was sold in Philadelphia for $3 and $3.50 per gross ton, miners received much higher wages than they do now when coal is furnished at $6.50 and $6.75 per ton.

If high tariff (or protection, as some term it) is for the benefit of the poor laboring classes, why do the manufacturers and monopolists furnish tens of thousands, yes, hundreds of thousands of dollars, for electioneering and corrupting purposes, to buy votes and men to keep the high tariff? Laboring men, think for yourselves, and vote for the poor man's friend, Grover Cleveland.

A fine constitution may be ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills for restoring the system to natural and healthy action.

Now, BOYS, for a long pull, a strong pull, and a pull together.

THE republican cry of fraud is intended only to divert attention from republican frauds.

One Fact

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

TRUSTS are private schemes to rob the public.

Chronic catarrh usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. This disease has been cured, in hundreds of cases, by the use of Ayer's Sarsaparilla. Price $1. Six bottles, $5.

INDIANA is against free whisky Chinese immigration, and monopoly taxes.

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is a instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

NOT A PIMPLE ON HIM NOW

Bad with Eczema. Hair all gone. Scalp covered with eruptions. Thought his hair would never grow. Cured by Cuticura Remedies. Hair splendid and not a pimple on him.

I cannot say enough in praise of the Cuticura Remedies. My boy, when one year of age, was so bad with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctors said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the Cuticura Remedies, and, I am happy to say, with the most perfect success. His hair is now splendid and there is not a pimple on him. I recommend the Cuticura Remedies to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and children, and feel that every mother, who has an afflicted child will thank me for so doing.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breath freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

AROUND THE DEPOTS

And Among the Manufactories—The Day's News Told as it is Picked Up.

There is but little railroad travel this week.

Old locomotive engines Nos. 203, 225, 332 and 342 in the Pittsburg shops are being cut up.

James Hewes, the foreman of the Pittsburg boiler shops, has returned to duty after a few days' illness.

The Tippecanoe boys drew quite a crowd to the Wabash depot yesterday afternoon to witness their departure for Peru.

Mr. B. F. Kaup, traveling freight agent of the Baltimore and Ohio road, is in the city to-day looking after the interests of his raod.

The employes of the shops are inclined to discuss politics this week to such an extent that one hears but little else when on a news gathering round.

Wm. Smallwood, the Nickel Plate engineer, who was injured some time ago by being attacked by robbers, will be able to resume his duties again in a few days.

The Cherokee and Dakota railroad was sold at Dubuque, Iowa, Monday to the Dubuque and Sioux City railroad company, for $100,000 of that company's stock.

There are some excellent political workers among the employes in the shops and they are making their power felt this campaign in the support of their favorite candidates.

Robert Harrison, the foreman of the machine department of the Pittsburg car shops, has lost his vote at the coming presidential election by moving from one ward to another.

An officer of the Chicago, Burlington and Quincy road says that, notwithstanding all the "bear" talk, the company has sufficient money in bank to pay every unfunded obligation.

The Order of Railway Conductors in this city will turn out in a body to-morrow afternoon to attend the funeral of Mr. William Anderson, the conductor whose death occurred yesterday.

Indiana now has seven dividend paying roads, against three two years ago, and it is believed that the Lake Erie and Western, the Nickel Plate and the Bee Line will shortly be added to the list.

Fourteen cows were killed by a passenger train Saturday night at a curve near Bolton Notch, Conn., the high speed of the train alone saving it from being hurled down a forty-five feet embankment.

The Eastern Minnesota road, which was opened for business about a month ago, has already taken out of Minneapolis 60,000 barrels of flour, and has handled in the last thirty days 1,400 car loads of coal.

Both political parties have distributed a number of pictures of the presidential candidates among the employes of the manufacturing establishments during the last week. The men are glad to get them and take them to their homes.

To-day closes the month and the wages earned by the employes in a number of the manufacturing establishments of the city during the last thirty-one days will not be drawn by them for several days yet. Some of the monthly pay days occur about the 11th, some about the 15th and others as late as the 23rd and 25th.

Common stock of the Cincinnati, Hamilton and Dayton road sold, on Saturday last, at seventy-seven cents, on the dollar, and the friends of the property predict that the stock will go to par before the year closes. The road is doing an excellent business, at paying rates, and the Ives-Staynor deal scare is gradually passing off.

The monthly report of the *Railroad Gazette* shows that in September there were 128 accidents on American roads, in which forty-six persons were killed and 223 injured. It was an unusually fatal month, there being sixty-eight collisions. It is gratifying to note that but seven of these accidents occurred on Indiana roads, and in neither case was there loss of life or serious personal injuries.

Columbus discovered America and Edison invented the phonograph, but it remained for Dr. Bull to invent the remedy of the age, "The Cough Syrup," the kingly cure.

A SHOPMAN TALKS.

The Issue Between the Democrats and Republicans: "Shall We, or Shall We Not, Keep up the War Taxes When the War is Over?"

To the Editor of THE SENTINEL.

The question of the hour, Mr. Editor, is: "Shall we, or shall we not, keep up the war taxes when the war is over."

The democrats say no. The republicans say yes. The democrats say that, by keeping up the war taxes, money is taken out of the people's pockets and piled up to rust in the U. S. treasury; money which the people used for the transaction of business. That this money does accumulate there nobody denies. That this surplus is not needed nobody denies. "Now then," the democrats say, "why tax the people and pile up this surplus?" "Why pile up money, which, if needed by the government, would not pile up?"

This question overshadows all others, and no man not in sympathy with the tax reform can go to congress or receive the vote of the shopmen, one of whom I have the honor to be, and therefore, in my humble way, can talk.

Let me look over the question as we do at odd moments, daily.

Everybody knows that our war taxes were caused by the uncommon financial expenditures which the war brought into effect. Everybody knows that the present tariff figures are those cold, matter-of-fact figures which do not lie, but which show how the war-tax expenditures have been unnecessarily and unjustly retained, enlarged, and incorporated with the national tariff system, and everybody knows how democratic statesmen and republican statesmen, like Grant, Wilson, Garfield Arthur, Blaine, rising above party, have sought to rid our tariff system of its war excresences and bring it into a normal, healthful condition. Everybody knows that the tariff system in force before the war was a moderate one compared with that in force to-day. The protection element was conspicuous in the ante-war tariff act of 1846, which protected prominent articles to the extent of 30 per cent. Contrast this act with the present tariff, and how mild it is. In 1857 congress brought the tariff down to 19 per cent. and made many raw materials free. Great national prosperity ensued from 1846 till the breaking out of the war, unchecked even by the crisis of 1857. Manufacturers prospered and manufacturers generally favored the tariff reduction of 1857. Political advantage was taken of the crisis of 1857, the aim of republican leaders being to strengthen their party in Pennsylvania and elsewhere by advancing the duties on iron and wool. The Morrill tariff act of 1861 was a political movement. The manufacturers did not ask for it. Representative Rice, of Massachusetts, said when it was presented in congress: "The manufacturer asks no additional protection." Mr. Thurman said then, "When Mr. Stanton says the manufacturers are urging or pressing this (Morrill) bill, he says what he must certainly know is not correct." The manufacturers have asked, over and over again, to be let alone. The tariff of 1857 is the manufacturers' bill." Later Mr. Morrill himself confessed that the tariff of 1861 was not called for by the manufacturers. In 1862 and 1864 the exigencies of the war initiated that huge mass of excessive taxation, which oppresses the poor consumer to-day. As the war went on, taxation went on with it. In 1864 three great revenue acts took effect, they, together, constituting the most extensive tax movement which the world's financial history records. The first of these acts effected an immense enlargement of internal revenue; the second, a similar increase of imported duties; the third legalized a loan of $400,000,000. This tax went through the land like a fine-toothed comb, scooping in everything. Salt was charged 6 cents per 100 pounds; sugar, 2 cents per pound; railroad iron, $3 per ton; pig iron, $2 per ton; cotton, raw, 2 cents per pound; the same cotton, as cloth, 5 per cent. All finished products were taxed from 8 to 15 per cent. Incomes paid 5 and 10 per cent. We had a tax war on hand, and tax sutlers, and tax bounty jumpers battened through its chances at Washington. The average duty rate of '62, which was 37.2 per cent., became 47.06 per cent. in '64. The shifty, war tariff scheme was necessarily inequitable. Congress gave but five days to the consideration of the tariff bill of '64. It was rushed through to enactment because of the war. This shifty, inequitable war tax scheme constituted the foundation of the present national import duty system. When the rebellion ended the reduction of internal taxes began, those on spirits and beer being retained. It is clear to see that the reduction of the war import taxes should have joined the tax reduction procession. Even Mr. Morrill confessed this when he said: "It is a mistake of the friends of a sound tariff to insist on the extreme rates imposed during the war, if less will raise the necessary revenue. Whatever percentage of duties was imposed on foreign goods, to cover internal taxation on home manufactures, should not now be claimed as the lawful prize of protection, when such taxes have been repealed." After various attempts to effect tariff reform the ten per cent. "horizontal" reduction bill of '72 became a law, the aristocracy of Syracuse and Saginaw having to be content with seeing the salt import duty reduced one half the previous rate, and the coal sellers the coal duty lowered fifty cents per ton, whilst some raw materials were admitted free. This tariff act was horizontaled back, in '75, as everybody knows, though unnecessarily, albeit such procrustianism confessedly should not obtain in tariff legislation The tariff act of 1883 did not give the people the tariff reform which the people looked for. Its increased duties was surely not steps in the right direction. Its slightly decreased duties are manifestly too slight; confessedly too slight, as the present republican senate bill and Mills bill evidence. In fact, the tariff system still retains its unjust, monstrous war tax elements in all their peace times rank injustice. It is a system of war taxes oppressing the people in a time of peace. The Mills bill proffers the people relief from the old war tax burdens. President Cleveland's platform assures us of this relief. Those wise statesmen, Grant, Garfield, Arthur, Wilson, asked for it; earnestly advocated it. Even Mr. Blaine is on record as favoring free lumber and salt. We wage workers propose to vote for this imperatively needed tariff reform, for we want what the poor man is entitled to, not a Pelion-upon-Ossa war tariff system; not war taxed, but peace freed, raw materials; not war, but peace. Let us have it. Let us have it now.

Regular meeting of the Ladies' auxiliary of the R. R. Y. M. C. A., to-morrow afternoon, at 3 o'clock, city time, at their parlors. A full attendance is desired

James H. Sloan, clerk in the Pittsburg machine shops, has hung up a handsome picture of President Cleveland over his desk in the office at the works.

The new finance committee of the City Y. M. C. A. has been appointed. The committee consists of H. V. Koot, chairman, J. M. McKay, S. A. Burrows, F. D. Paulus and W. E. Moesman.

Orion Ross, the assistant ticket agent at the Pittsburg depot, made a large money bet this morning with one of the newspaper reporters of the city that Harrison would be the next president.

Mrs. Thomas Woods, of Warsaw, Ind., is in the city to-day visiting Miss Lenie Van Vleet. Mrs. Woods is one of the prominent temperance workers of northern Indiana. She visited the Y. M. C. A. and the ladies reading room and expressed herself as pleased with the work being done by these organizations in this city.

The joint discussion between Rev. Mahin and Dr. Boole will take place to-morrow evening at the Masonic Temple. They are both prominent and eloquent prohibition speakers and the Temple ought to be crowded to hear them. Any person can secure admittance free, but the tickets issued will entitle the holder to a reserved seat.

The little girl of Mr. Conrad, which was so terribly burned by falling into a kettle of boiling apple butter, will suffer the loss of one arm by amputation. Dr. J. W. Younge has decided to take it off to-morrow, as a means of saving the child's life. There is really nothing to amputate but the bone, the flesh having been all burned off.

Children's suits in great variety and new designs, for $1.50, $1.75, $2, $2.50 and $3, at Friends' Enterprise, 26 Calhoun street.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothe the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE PLOT TO BUY INDIANA

Dudley's Scheme of Wholesale Bribery Revealed in a Circular Letter Over His Own Signature.

INDIANAPOLIS, Oct. 31.—We present herewith conclusive evidence of the republican scheme to carry Indiana by buying the purchasable vote, in the form of a circular type-writer letter, bearing the signature of William W. Dudley, treasurer of the national republican executive committee, which has been sent to the chairman of a republican county central committee in Indiana, and doubtless to the other county chairmen and to the trusted agents of the republican managers throughout the state. The letter, of which the original copy is in possession of the editor of the Indianapolis *Sentinel*, can be seen by anyone.

The letter is written upon a letter-head of the republican national committee, of which Mr. Dudley is treasurer.

HEADQUARTERS REPUBLICAN NATIONAL COMMITTEE, 91 FIFTH AVENUE, NEW YORK, Oct. 31, 1888.

DEAR SIR:—I hope you have kept copies of the lists sent me. Such information is very valuable and should be used to great advantage. It has enabled me to demonstrate to friends that with proper assistance Indiana is surely republican for governor and president, and has resulted as I hoped it would, in securing for Indiana the aid necessary. Your committee will certainly receive from Chairman Huston the assistance necessary to hold our floaters and doubtful voters, and gain enough of the other kind to give Harrison and Morton 10,000 plurality. New York is now safe beyond preadventure for the republican presidential ticket; Connecticut likewise. In short, every northern state except, perhaps New Jersey, though we still hope to carry that state.

Harrison's majority in the electoral college will not be less than 100. Make our friends in each precinct wake up to the fact that only boodle and fraudulent votes and false counting of returns can beat us in the state. Write each of our precinct correspondents, 1st. To find out who has democratic boodle, and steer the democratic workers to them, and make them pay big prices for their own men. 2nd. Scan the election officers closely, and make sure to have no man on the board whose integrity is even questionable, and insist on republicans watching every movement of the election officers. 3rd. See that our workers know every voter entitled to a vote, and let no one else even offer to vote. 4th. Divide the floaters into blocks of fives, and put a trusted man with necessary funds in charge of these five, and make him responsible that none get away and that all vote our ticket. 5th. Make a personal appeal to your best business men to pledge themselves to devote the entire day, Nov. 6th, to work at the polls, i. e. to be present at the polls with tickets. They will be astonished to see how utterly dumbfounded the ordinary democratic election bummer will be and how quickly he will disappear. The result will fully justify the sacrifice of time and comfort, and will be a source of satisfaction afterwards to those who help in this way. Lay great stress on this last matter. It will pay.

There will be no doubt of your receiving the necessary assistance through the national, state and county committees—only see that it is husbanded and made to produce results. I rely on you to advise your precinct correspondents and urge them to unremitting and constant efforts from now till the polls close, and the result is announced officially. We will fight for a fair election here if necessary. The rebel crew can't steal this election from us as they did in 1884, without someone getting hurt. Let every republican do his whole duty and the country will pass into republican hands, never to leave it, I trust. Thanking you again for your efforts to assist me in my work, I remain

Yours Sincerely,
W. W. DUDLEY.

Please wire me result in principal precincts and county.

HAD TO BORROW.

Judge Hilton Lent Mrs. Stewart Money to Bury Her Husband.

LORD SACKVILLE.

The British Minister Informed That His Presence is No Longer Desired.

WASHINGTON, Oct. 31.—By direction of the president the secretary of state yesterday informed Lord Sackville that for causes heretofore made known to her majesty's government, his continuance in his present official position in the United States is no longer acceptable to this government, and would consequently be detrimental to the relations between the two countries. The grounds of this action on the part of the United States are stated in a report of the secretary of state to the president, dated the 29th inst., in which he reviews the conduct of Lord Sackville, gives a full history of the case and asks for the British minister's recall.

TORONTO, Ont., Oct. 31.—The *Globe*, in an article headed "Breakers Close Ahead," says: "Though Lord Sackville is the victim of a despicable trick, he is also the victim of his own folly. He stuck his nose in American home affairs by counselling an elector about how he should vote and influence others to vote. The United States secretary of state argues with great force that the British embassador thus transgressed the amenities and the necessary rules of diplomacy to such a degree as to warrant the demanding of his recall."

MET AT LAST.

Two Saloon Keepers, at Indianapolis Settle a Long Standing Grudge With Pistols.

INDIANAPOLIS, Ind., Oct. 31.—There has been a deadly feud for several years between John H. McFee and Thomas H. Slavin, originating in Knightstown, this state, over business matters, and the trouble culminated last night in a shooting affray, in which Slavin was shot under the right shoulder and McFee through the bowels and right ear, all three shots taking effect from the rear, showing that both were moving when wounded.

Eight shots were fired altogether in the saloon and on the sidewalk, and a number of persons were imperilled by flying bullets.

McFee was fatally hurt and Slavin dangerously, and both men were transferred to the hospital.

DIED ON HER WEDDING DAY.

The Brewery Syndicate.

MILWAUKEE, Oct. 31.—When questioned about the purchase of American breweries by an English syndicate, Charles Best, secretary of the Best Brewing company, said he understood from a gentleman from New York that the sale of the two New York breweries had been made some days ago. There has been no negotiations for the Best brewery.

It Beats Dynamite.

NEW BRITAIN, Conn., Oct. 31.—Rudolph Ericson, a Swede, has a formula for making "extralite," a discovery by his uncle in Sweden. The new explosive is twice as powerful as dynamite, but is free from danger in handling, as it will not explode in the open air and cannot be exploded by burning in the air. Its manufacture will be begun here.

Will Go to Hayti.

WASHINGTON, Oct. 31.—The acting secretary of the navy has detached Commander Allan D. Brown from duty at the naval academy and ordered him to command United States steamer Kearsage, now being repaired at Norfolk. She will be put in condition as soon as possible, and sent to protect the American interests in Hayti.

SHOT IN A CROWD.

The Fatal Bullet Sent Through a Ladies' Head While Watching a Parade.

TERRE HAUTE, Ind., Oct. 31.—In the midst of the republican parade last night, Dolly Phillips, aged twenty, was the victim of an assassin's bullet. She was standing on the corner watching the parade when a man approached, pointed a revolver at her and pulled the trigger. She fell to the sidewalk with a bullet through her head, and died in a few minutes. The murderer escaped, but was identified as a man named Galloway. The cause of the shooting is unknown.

DOING GOOD WORK.

Va., Oct. 31.—Judge Thurman and party, consisting of his son and the press representatives, left here at 10:25 this morning, over the Baltimore and Ohio road, for Newark, Ohio, where the judge will speak this afternoon. He adds there are two suspected cases of sickness in town.

BADEAU'S SUIT.

He Withdraws His Claims to Authorship on Grant's Book and Gets His $10,000.

NEW YORK, Oct. 31.—General Badeau's suit to recover $10,000 and interest, for services rendered to General Grant while the latter was engaged in preparing his "Personal Memoirs," was yesterday settled. Mrs. Grant never disputed the fact of her husband's having made the contract with General Badeau, nor that the latter rendered certain services therefor.

Recently General Badeau withdrew from his suit the offensive allegation of joint authorship, and expressed his willingness to waive any intention, desire, or right to claim the authorship of the "Memoirs," and to admit that its composition was entirely that of General Grant's, and to limit his claim to that of suggestion, revision and verification. Under these circumstances Mrs. Grant paid the claim.

CITIZENS who have taken out first papers are legal voters.

THE next Britisher who writes about American politics will not write.

CHAIRMAN BRICE says that New York state is good for 20,000 majority for Cleveland.

THE democratic rooster is out of the woods and awaits an excuse to liberate its enthusiasm.

THE democrats will endeavor to insure every republican repeater a term in the penitentiary.

BEN BUTLER is out for Harrison. Butler, Blaine, buncombe, boodle, and bribery. Significant, is it not?

LOLO SACKVILLE rides out of office on the tip of Mr. Cleveland's boot. Now let us have a tilt with Mr. Murchison.

THE same laws for the workingman and the millionaire. Equal rights for employer and employe. This is the democratic doctrine.

EVERY man who votes the republican ticket, votes to perpetuate a system of unnecessary taxation that robs him of the fruits of his labor.

WHY does Germany with its high protection pay its laborers seventy-seven per cent. less wages than the laborers of "free trade" England? Because protection is a farce and a sham.

THE sugar trust has advanced the price of sugar about two cents within a year. This means a gain of $60,000,000 to the trust and yet Congressman White contends that the tax on sugar is not high enough.

SOMEBODY is sending out democratic tickets with Captain White's name on for congress. Democrats, vote your ticket straight. What is the use of electing a democratic president and tieing his hands with a republican congress.

THE people of the United States have come to understand that President Cleveland is thoroughly American, and the friendship or enmity of a foreign nation would have no more to do with shaping his policy than a midsummer breeze.

THE laborer must always buy in a protected market, at prices dictated by trusts and monopolists, under cover of the war tariff tax. The only thing the toiler can sell is his labor and he must compete with the world. This is the problem of the day.

IT is hardly probable that the million voters of the country—laborers, farmers, mechanics, merchants and professional men—will vote to tax themselves for the fun of being taxed, or just to see the government pile up a surplus that it cannot use. The republicans advocate this sort of thing.

WITH breadstuffs selling at increased prices, and coal going up at the dictates of the barons, it is just a trifle aggravating to see paid republican orators making impassioned appeals for cheaper whisky and tobacco and a continuation of the war tariff tax that doubles the price of woolen goods and clothes for the humble people.

DON'T let politics run away with your good sense. The country will flourish and prosper if either one of the many presidential candidates are elected. Our good friend Grover has been well tried and in the language of a prominent Fort Wayne republican "if Grover Cleveland was to die to-night, there would not be a republican but who would praise him and his administration." He has proved himself honorable, true and manly on every occasion.

LET US REASON TOGETHER, MR. VOTER.

THE SENTINEL has an abiding faith in the wisdom and integrity of the American people, and the lessons of the past prove this confidence to be admirably well bestowed.

The exalted blessing of a people entirely and wholly governing themselves must be experienced to be appreciated, and once enjoyed is never relinquished. Under this form of democracy the government thrives best and the political party that approaches closest to this idea of perfection is certain to reap rich reward at the hands of the sovereign Americans.

Self-government is a priceless prerogative when properly exercised, and as great bodies move slowly, the will of the people is always asserted with becoming grace, for in this way do they contribute solidity and stability to the national welfare.

Four years ago a majority of the American people intrusted the government of the nation to the democratic party, through its recognized leader, President Cleveland. It was no easy task to take the reins of government and guide the ship of state safely out of the political storm with a mutinous, aggravating republican crew, but Mr. Cleveland proved himself equal to the task without disturbing or jarring the interests of a great country to any perceptible degree.

Was there ever a sublimer picture of the triumph of democracy?

Every party declaration has been fulfilled and every promise redeemed as far as lies within the power of the democratic party—but unfortunately for the people the republican senate has obstructed legislation tending to reduce taxation to a point consonnate with the requirements of the country, its industries and its people—the prevailing democratic idea being injury to none, but justice to all.

The democratic party again solicits the suffrage of the American people for Hon. Grover Cleveland, believing sincerely that the unexampled prosperity that has attended his administration will increase with time and the acquisition of a friendly congress, until it shall have reached the loftiest heighth in the history of the country, all the while lessening burdens and increasing blessings on the people who decree it.

It is reasonable to believe that the voters will be slow to censure an administration that is beyond honest criticism, or change for an uncertainty a wise, patriotic ruler, whose single aim is to promote the public welfare and exalt the national honor.

For these reasons THE SENTINEL hopes that every citizen of Allen county will weigh his vote well next Tuesday, and ask himself at his own fireside if it is not best to deposit a ballot for the democratic electors, and through them decree the choice of Grover Cleveland and Allen G. Thurman.

It is a solemn duty that presents itself every four years and deserves the weighiest consideration, for a ballot badly cast is an opportunity forever lost.

THE STATE TICKET.

The democracy of Indiana present for the suffrage of the people a ticket admirable in all its parts—strong as a whole and at every point. All the men are experienced in public life, have all the qualifications and brilliant attainments that fit them to preside over the great commonwealth of Indiana. Col. C. C. Matson, the candidate for governor, is eminently qualified for the exalted position, and just the man to honor any place of trust and responsibility. So on might we recite the list with like encomiums, until local pride is touched, for Allen county has the proved distinction of having two candidates on the state ticket—Hon. C. A. Munson and Hon. Allen Zollars, and both of them hold warm places in the hearts of the people of Allen county.

Besides, this is an honor rarely, if ever, bestowed on a county, and one that the citizens of Allen county should appreciate in a royal way.

The control of the state and its institutions is an important feature and one far reaching in its effects, so that the necessity of attending to the state candidates and voting them a majority that will do Allen county proud presents itself forcibly to every mind, and should receive guarded care at the hands of the voters, for their interests are always best subserved under democratic rule.

THE CONGRESSIONAL CANDIDATE.

Judge C. A. O. McClellan, the candidate for congress, is one of the foremost citizens of the district and a democrat whose party record entitles him to the full party vote. His whole life defies the aspersions of his political enemies and the achievements of the coming congressman are entirely his own, for from an humble place in life he has won more than ordinary distinction, and through his energy and good judgment he occupies a high place in the hearts of his countrymen. Judge McClellan represents the administration in this canvass. He is in thorough sympathy with President Cleveland and the policy of the party, and in this light he should, and no doubt will, receive the vote of every democrat in the district. He is eminently qualified to represent the Twelfth district and in point of ability, fitness and natural attainments towers above all comparisons. A vote for him is a vote for a democratic congress to support President Cleveland.

THE COUNTY TICKET.

The county ticket, like the national and state, commands universal admiration and is closest to our hearts, because its relations are nearest our hearths and taking the ticket from top to bottom it gives most excellent satisfaction, for its make-up inspires confidence and is in itself a guarantee that the affairs of the county will pass into capable hands.

The legislative ticket is entirely local and exceptionally strong. Whatever interests Allen county may have in future legislation, she is certainly in a position to command more solidity and strength than at any other period since the extension of our legislative precincts into Whitley and Huntington counties, for this is the home of all the candidates and here is centered their affection.

Hon. Fred J. Hayden, the candidate for joint senator from Allen and Whitley counties, is one of the foremost citizens of Fort Wayne, and a gentleman of more than ordinary intelligence and experience. He has extensive individual interests and large property holdings. He can be relied on to ably represent his constituents in the highest branch of the legislature and has the experience of his service in the house to familiarize him with parliamentar methods.

Mr. W. S. Oppenheim, the candidate for joint representative from Allen and Huntington counties, is one of the brilliant young lawyers at the local bar and enjoys a reputation in his profession as one of the most promising practitioners in the state. He will carry to the legislature a familiarity with the laws of the state and a profound ability that cannot fail to assert itself and win fair laurels for the young gentleman.

Hon. W. H. Shambaugh and Mr. Frank Gladio are the candidates for the lower house from this county. Mr. Shambaugh has served in the legislature with honor to himself and his constituents and his colistit-opportunity to win fresh laurels for his friends justly hope for great things from him. Mr. Gladio, his colleague, is the ex-county commissioner, a respected resident of Jefferson township and a practical farmer, giving the agricultural community a direct representation in the state councils and a man in whom the people of the county have the utmost confidence.

Hon. Edward O'Rourke, the candidate for judge of the circuit court, scarcely needs an introduction to the people of Allen county. His long service on the bench, acknowledged integrity, impartial bearing and honesty of purpose makes the tribunal over which he presides the choice of all litigants and he reigns there the embodiment of an honest judiciary.

Mr. J. M. Robinson, the candidate for prosecuting attorney, is a self-made man and all his achievements are won on his own merits. He has displayed during his term of office, a signal ability, and has adapted himself to the requirements of his position in a manner that does him great honor, and certainly his official record does him infinite credit.

Mr. George H. Viberg, the candidate for sheriff, has distinguished himself in the office he now holds, and has displayed such splendid judgment, untiring energy and marvelous perception as to win widespread favor and lasting friendships. His administration of the affairs of the office have been in keeping with its responsibility, and he is happily surrounded by an excellent corps of deputies, who tend to make his official career exceedingly acceptable and always agreeable. Mr. Viberg is a model officer.

Mr. Isaac Mowrer, the candidate for county treasurer, is a man of great personal prestige, and as custodian of the county funds has earned the plaudits of the whole people. His official career has been one of the happiest and the trust confided in him finds constant appreciation in his conduct, for he meets the responsibilities of his place with great capability.

Mr. Henry Fischer, the candidate for surveyor, is a practical engineer, a good scholar and a pleasant gentleman. He cannot fail to give satisfaction in the office and that is a great task in itself. Mr. Fischer belongs to the newspaper fraternity and that, of course, is a great point in his favor.

Dr. A. J. Kessler, the candidate for coroner, is a physician of great ability, and will handle the delicate affairs of his office in a way to please the public and in a manner to indicate his good sense and excellent judgment.

The office of county commissioner is an exceedingly important one, for its bearings are widespread and the body is really in the nature of a court. They are the censors of the county and hold the key to the county situation, for they supervise its affairs. Mr. John Brannan, the present incumbent, was foremost in placing the county on a cash basis and should be credited with establishing the changes that lead to an economical administration of county business. His official career is as clear as sunlight and his every act is as open as his nature. Mr. Jasper W. Jones, of Jackson township, and Mr. Henry F. Bullermann, of St. Joe township, the other candidates, will bring to the office of commissioner a practical business experience and both gentlemen have served as trustees of their townships in a manner to recommend them to the suffrage of the people. They are all honorable, gentlemen, free from entanglements and alliances that would tend to shape their policy and this is indeed a compliment.

VOTE against unnecessary taxes. That is all the democrats ask.

THE tariff tax is a burden on some one surely and the monopolist is not seemingly oppressed by it.

WHY does China with the highest protection of any country on the globe pay its laborers five cents per day? Because so-called protection does not fix wages.

THE Hon. Hugh McCulloch says: "I have watched Mr. Cleveland's administration very carefully and I consider it to have been marked with signal ability and uprightness."

THE workingmen of Fort Wayne scarcely want to see Levi P. Morton, the arch monopolist, enjoying a vote in the United States senate and the vice president may have the deciding vote.

THE republicans will not reform the tariff, and all talk about it is a masquerade. The war tariff means money to them; it means the friendship of monopolies, trusts and combines that flourish under a form of legalized robbery, and sail on pleasant seas with the money wrung from the labor of the land. The republicans can not reform the tariff tax laws for its iniquities are interwoven into the party organization.

FREE WHISKY AND INSANITY.

The republican party should take warning from the following statement from the *Medical Record*, and never again advocate free whisky: "In Norway, after the removal of the tax on whisky, insanity increased 50 per cent. and idiocy 150 per cent, while pauperism, crime and taxation increased 350 per cent." When it is considered, that these statistics are furnished by, and sworn to, by the boards of health and attested by the government of Norway, they can be relied on as being correct and authentic.

IN THE forty-eighth congress the democracy compelled the forfeiture of 810,000 acres granted to the Oregon Central railroad; 300,000 acres granted to the Iron Mountain railroad of Missouri, and 18,500,000 acres granted to the Texas Pacific. This grand total of 19,610,880 acres was increased by an addition in the forty ninth congress of 30,871,300 acres, forfeited from the grants of the following roads: Atlantic and Pacific, 23,871,360; Tuscaloosa and Mobile, Mobile and New Orleans, Memphis and Charleston, Elyton and Beard's Bluff, Savannah and Albany, New Orleans and State Line, and Iron Mountain, of Arkansas, 7,000,000. This is a pretty good record of completed work for one congress and one session of another. In addition the democratic house has passed bills forfeiting 1,528,200 acres and there are bills on the calendar forfeiting 12,067,214 acres more.

Jas. L. Bowne, Springfield, Mass., writes:—"Paine's Celery Compound cannot be excelled as a Nerve Tonic. In my case a single bottle wrought a great change. DOWN with monopolies.

THE monopolists are on the run?

GIVE us four years more of honest government.

THE betting all over the country is in favor of Cleveland.

ONLY seven days until the re-election of Grover Cleveland.

"UNNECESSARY taxation is unjust taxation."—*Grover Cleveland.*

THE bloody shirt will receive a few more shakes this week, and then will be put away forever.

NEW YORK, New Jersey, Connecticut, Indiana and California are safe. Michigan, Wisconsin, Illinois, Iowa and Minnesota are the doubtful states.

THE "free trade scare" has failed to scare, and the John Bull trick has fooled nobody. Now what will the republicans try next?

IF the tariff is not a tax, why does the law require the treasurer to pay back to the Standard Oil company the duties it pays on the tin it uses for its export trade, and to pay back to the rich Chicago and Cincinnati beef and pork packers the duties they pay on the salt they use in their export trade? Such is the republican law, a deduction of only ten per cent. being made. But when it comes to the farmer and the man who works for wages, the republican tariff law does not pay him back the taxes he pays on salt and tin.

WITHOUT regard to party every one concedes that President Cleveland's message challenges the admiration of the world. Here is Congressman White's opinion: "A miserable rehash of an old subject, but I am glad to see the president show his hand for free trade. If he had only kept within the bounds of truth in compiling his figures in favor of free trade, he would have made a better argument. We have exploded it all, long ago. It is a mistake to say that the way to get rid of the surplus is by reducing the tariff." This is given to cheer the solitary democrat who proposes voting for Captain White.

PEOPLE ARE TAXED INTO POVERTY.

The tariff is an indirect tax on the people for the support of the general government.

They never see or hear of the tax-gatherer; but they pay the tax all the same in the amount that is put on or charged extra on nearly everything they eat, drink and wear. The wage earners and laboring classes should be in favor of and vote for Cleveland and Thurman and tariff reduction, because it is for their interests and for their benefit; it will relieve them of a heavy burden. With the high tariff, a large portion of their hard earnings is taken from them to build up and support monopolies, corporations and the general government in the following manner: From the largest to the smallest thing they buy, from the house that shelters the laboring man down to the smallest needle that his wife makes the baby's dress with, he pays this tax. For every dollar that goes to the government about $5.00 goes to the manufacturer as premium or tariff, and to add insult to injury, the republicans would extort more money from the people than the needs of the country require.

Rents are 25 per cent. higher in consequence of the tariff. Nearly every article that enters into the building of the house is more expensive; consequently, the landlord must have more rent to get interest on his investment.

Direct taxes are levied upon the wealth of the rich. Tariff taxes are drawn from the necessities of the poor. The poor man, if he has not any property, does not pay anything for the support of the town, county, city or state government; but the national government gets its surplus of hundreds of millions of dollars by taxes levied on his poverty—on what he eats, and what he drinks, and what he wears.

High tariff does not produce high wages. When coal was sold in Philadelphia for $8 and $3.50 per gross ton, miners received much higher wages than they do now when coal is furnished at $3.50 and $4.75 per ton.

If high tariff (or protection, as some term it) is for the benefit of the poor laboring classes, why do the manufacturers and monopolists furnish tens of thousands, yes, hundreds of thousands of dollars, for electioneering and corrupting purposes, to buy votes and men to keep the high tariff? Laboring men, think for yourselves, and vote for the poor man's friend, Grover Cleveland.

A fine constitution may be ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills for restoring the system to natural and healthy action.

Now, boys, for a long pull, a strong pull, and a pull together.

THE republican cry of fraud is intended only to divert attention from republican frauds.

One Fact

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

TRUSTS are private schemes to rob the public.

Chronic catarrh usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. This disease has been cured, in hundreds of cases, by the use of Ayer's Sarsaparilla. Price $1. Six bottles, $5.

INDIANA is against free whisky Chinese immigration, and monopoly taxes.

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is an instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and spend out within the reach of the profession."

NOT A PIMPLE ON HIM NOW

Bad with Eczema. Hair all gone. Scalp covered with eruptions. Thought his hair would never grow. Cured by Cuticura Remedies. Hair splendid and not a pimple on him.

I cannot say enough in praise of the Cuticura Remedies. My boy, when one year of age, was so bad with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctors said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the Cuticura Remedies, and, I am happy to say, with the most perfect success. His hair is now splendid and there is not a pimple on him. I recommend the Cuticura Remedies to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and children, and feel that every mother, who has an afflicted child will thank me for so doing.

He was so bad he was fearful he would have to have his leg amputated, but is happy to say he is now entirely well.—sound as a dollar. He requests me to use his name, which is H. H. Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate membranes of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrah, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never failing.

DYSPEPSIA

Causes its victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties willingly. Hood's Sarsaparilla has proven just the required remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years. I tried many other medicines, but none proved so satisfactory as Hood's Sarsaparilla." THOMAS COOK, Brush Electric Light Co., New York City.

AROUND THE DEPOTS

And Among the Manufactories—The Day's News Told as it is Picked Up.

There is but little railroad travel this week.

Old locomotive engines Nos. 203, 225, 332 and 342 in the Pittsburg shops are being cut up.

James Hewes, the foreman of the Pittsburg boiler shops, has returned to duty after a few days' illness.

The Tippecanoe boys drew quite a crowd to the Wabash depot yesterday afternoon to witness their departure for Peru.

Mr. B. F. Kaup, traveling freight agent of the Baltimore and Ohio road, is in the city to-day looking after the interests of his road.

The employes of the shops are inclined to discuss politics this week to such an extent that one hears but little else when on a news gathering round.

Wm. Smallwood, the Nickel Plate engineer, who was injured some time ago by being attacked by robbers, will be able to resume his duties again in a few days.

The Cherokee and Dakota railroad was sold at Dubuque, Iowa, Monday to the Dubuque and Sioux City railroad company, for $100,000 of that company's stock.

There are some excellent political workers among the employes in the shops and they are making their power felt this campaign in the support of their favorite candidates.

Robert Harrison, the foreman of the machine department of the Pittsburg car shops, has lost his vote at the coming presidential election by moving from one ward to another.

An officer of the Chicago, Burlington and Quincy road says that, notwithstanding all the "bear" talk, the company has sufficient money in bank to pay every unfunded obligation.

The Order of Railway Conductors in this city will turn out in a body to-morrow afternoon to attend the funeral of Mr. William Anderson, the conductor whose death occurred yesterday.

Indiana now has seven dividend paying roads, against three two years ago, and it is believed that the Lake Erie and Western, the Nickel Plate and the Bee Line will shortly be added to the list.

The Eastern Minnesota road, which was opened for business about a month ago, has already taken out of Minneapolis 60,000 barrels of flour, and has handled in the last thirty days 1,400 car loads of coal.

Both political parties have distributed a number of pictures of the presidential candidates among the employes of the manufacturing establishments during the last week. The men are glad to get them and take them to their homes.

To-day closes the month and the wages earned by the employes in a number of the manufacturing establishments of the city during the last thirty-one days will not be drawn by them for several days yet. Some of the monthly pay days occur about the 11th, some about the 15th and others as late as the 23rd and 25th.

Common stock of the Cincinnati, Hamilton and Dayton road sold, on Saturday last, at seventy-seven cents, on the dollar, and the friends of the property predict that the stock will go to par before the year closes. The road is doing an excellent business, at paying rates, and the Ives-Staynor deal scare is gradually passing off.

The monthly report of the *Railroad Gazette* shows that in September there were 128 accidents on American roads, in which forty-six persons were killed and 228 injured. It was an unusually fatal month, there being sixty-eight collisions. It is gratifying to note that but seven of these accidents occurred on Indiana roads, and in neither case was there loss of life or serious personal injuries.

A SHOPMAN TALKS.

The Issue Between the Democrats and Republicans: "Shall We, or Shall We Not, Keep up the War Taxes When the War is Over?"

To the Editor of THE SENTINEL.

The question of the hour, Mr. Editor, is: "Shall we, or shall we not, keep up the war taxes when the war is over."

The democrats say no. The republicans say yes. The democrats say that, by keeping up the war taxes, money is taken out of the people's pockets and piled up to rust in the U. S. treasury; money which the people used for the transaction of business. That this money does accumulate there nobody denies. That this surplus is not needed nobody denies. "Now then," the democrats say, "why tax the people and pile up this surplus?" "Why pile up money, which, if needed by the government, would not pile up?"

This question overshadows all others, and no man not in sympathy with the tax reform can go to congress or receive the vote of the shopmen, one of whom I have the honor to be, and therefore, in my humble way, can talk.

Let me look over the question as we do at odd moments, daily.

Everybody knows that our war taxes were caused by the uncommon financial expenditures which the war brought into effect. Everybody knows that the present tariff figures are those cold, matter-of-fact figures which do not lie, but which show how the war-tax expenditures have been unnecessarily and unjustly retained, enlarged, and incorporated with the national tariff system, and everybody knows how democratic statesmen and republican statesmen, like Grant, Wilson, Garfield Arthur, Blaine, rising above party, have sought to rid our tariff system of its war excrescences and bring it into a normal, healthful condition. Everybody knows that the tariff system in force before the war was a moderate one compared with that in force to-day. The protection element was conspicuous in the ante-war tariff act of 1846, which protected prominent articles to the extent of 30 per cent. Contrast this act with the present tariff, and how mild it is. In 1857 congress brought the tariff down to 19 per cent. and made many raw materials free. Great national prosperity ensued from 1846 till the breaking out of the war, unchecked even by the crisis of 1857. Manufacturers prospered and manufacturers generally favored the tariff reduction of 1857. Political advantage was taken of the crisis of 1857, the aim of republican leaders being to strengthen their party in Pennsylvania and elsewhere by advancing the duties on iron and wool. The Morrill tariff act of 1861 was a political movement. The manufacturers did not ask for it. Representative Rice, of Massachusetts, said when it was presented in congress: "The manufacturer asks no additional protection." Mr. Thurman said then, "When Mr. Stanton says the manufacturers are urging or pressing this (Morrill) bill, he says what he must certainly know is not correct." The manufacturers have asked, over and over again, to be let alone. The tariff of 1857 is the manufacturers' bill." Later Mr. Morrill himself confessed that the tariff of 1861 was not called for by the manufacturers. In 1862 and 1864 the exigencies of the war initiated that huge mass of excessive taxation, which oppresses the poor consumer to-day. As the war went on, taxation went on with it. In 1864 three great revenue acts took effect, they, together, constituting the most extensive tax movement which the world's financial history records. The first of these acts effected an immense enlargement of internal revenue; the second, a similar increase of imported duties; the third legalized a loan of $400,000,000. This tax went through the land like a fine-toothed comb, scooping in everything. Salt was charged 6 cents per 100 pounds; sugar, 2 cents per pound; railroad iron, $3 per ton; pig iron, $2 per ton; cotton, raw, 2 cents per pound; the same cotton, as cloth, 5 per cent. All finished products were taxed from 8 to 15 per cent. Incomes paid 5 and 10 per cent. We had a tax war on hand, and tax sutlers, and tax bounty jumpers battened through its chances at Washington. The average duty rate of '62, which was 37.2 per cent., became 47.06 per cent. in '64. The shifty, war tariff scheme was necessarily inequitable. Congress gave but five days to the consideration of the tariff bill of '64. It was rushed through to enactment because of the war. This shifty, inequitable war tax scheme constituted the foundation of the present national import duty system. When the rebellion ended the reduction of internal taxes began, those on spirits and beer being retained. It is clear to see that the reduction of the war import taxes should have joined the tax reduction procession. Even Mr. Morrill confessed this when he said: "It is a mistake of the friends of a sound tariff to insist on the extreme rates imposed during the war, if less will raise the necessary revenue. Whatever percentage of duties was imposed on foreign goods, to cover internal taxation on home manufactures, should not now be claimed as the lawful prize of protection, when such taxes have been repealed." After various attempts to effect tariff reform the ten per cent. "horizontal" reduction bill of '72 became a law, the aristocracy of Syracuse and Saginaw having to be content with seeing the salt import duty reduced one half the previous rate, and the coal sellers the coal duty lowered fifty cents per ton, whilst some raw materials were admitted free. This tariff act was horizontaled back, in '75, as everybody knows, though unnecessarily, albeit such procrustianism confessedly should not obtain in tariff legislation. The tariff act of 1883 did not give the people the tariff reform which the people looked for. Its increased duties was surely not steps in the right direction. Its slightly decreased duties are manifestly too slight; confessedly too slight, as the present republican senate bill and Mills bill evidence. In fact, the tariff system still retains its unjust, monstrous war tax elements in all their peace times rank injustice. It is a system of war taxes oppressing the people in a time of peace. The Mills bill proffers the people relief from the old war tax burdens. President Cleveland's platform assures us of this relief. Those wise statesmen, Grant, Garfield, Arthur, Wilson, asked for it; earnestly advocated it. Even Mr. Blaine is on record as favoring free lumber and salt. We wage workers propose to vote for this imperatively needed tariff reform, for we want what the poor man is entitled to, not a Polion-upon-Ossa war tariff system; not war taxed, but peace freed, raw materials; not war, but peace. Let us have it. Let us have it now.
